

Hailey Hall School Employability/PSHE Curriculum Booklet

Employability/PSHE Curriculum Intent

Employability is an opportunity for pupils to learn, develop and gain key knowledge that will help in preparation for life after School. It is a set of achievements – skills, understandings and personal attributes that helps pupils to be more socially prepared and likely to gain employment and be successful in their chosen occupations, which benefits themselves, the workforce, the community and the economy. At Hailey Hall, it will provide pupils with the opportunity to learn and think independently, be confident to voice their opinions on certain topics and get an insight into important topics that they will be moving onto in their near future. We aim to, wherever possible, link work to other subjects such as Mathematics, English, Science, Computing, Sports, Humanities and Food technology. All pupils are encouraged to be able to think more independently, feel confident to be able to voice their opinions and ideas in group discussions, showing their understanding of the topics we cover.

The Employability curriculum is planned to enable all pupils to develop skills in the following areas:

- To be able to understand the importance of leading a healthy lifestyle and the importance of exercise at a young age.
- To develop and raise awareness of the dangers around influences while becoming a young adult.

- To get a clear understanding of ways in how we deal with managing our personal finances.
 - To be able to understand and prepare for how we move onto into the world of work.
- To be able to recognize the importance of being respectful and acting as a leader and role model towards others and younger pupils.

□

Throughout our programme of study, we aim to always make links to careers and the world of work. We will look at and discuss about the specific links and reinforce the skills and attitudes in which employers will say are important in the workplace.

- Independent and Creative thinking.
- Leadership skills.
- Communicating effectively with others.
- Being respectful towards others views and opinions.
- Showing a willingness to learn and develop new knowledge.
- Teamwork skills.
- Problem solving skills.
- Showing empathy towards others.
- The British values of democracy, the rule of law, individual liberty and mutual respect of those with different faiths and beliefs.

YEAR: 10

Why this subject is important:

Employability/PSHE gives pupils the opportunity to acquire the knowledge, understanding and skills they need for life in the workplace. The following units have been specially selected for year 10 and 11 pupils, in order to prepare them for subsequent work experience and their future in the working world.

The following programme of learning enables pupils to work towards a Level 2 Certificate in Employability Skills.

Intent: What you will learn this year:

The units below have been selected to enhance the pupil's skills and knowledge when they reach the workplace in the future. They have an opportunity to complete 6 units over the 2 year period to gain the Level 2 Certificate.

This programme of study caters for a range of ability:

Unit name	Topics	Skills and understanding	Skills: Curriculum links
