

Yr 11 Trip to John Warner School, 6th Form

16th January 2023

On a cold and frosty morning in January our Yr 11 students were taken by school minibus to John Warner school in Hodddesdon to visit the school and particularly the sixth form.

Sixth form is an option for our students regarding their Post 16 options and it was important for our students to get to know what a typical sixth form would look like. This is an option that comes under the **Gatsby Benchmark 7** (Encounters with future and higher education)

We were met by Mr Stephen Cove who is in charge of the sixth form who showed us around the school explaining what a sixth form is like and the differences from a college course to a sixth form. His talk was very informative regarding different aspects of sixth form and the students asked questions which he answered in an appropriate way.

At the end we met with 4 students who are currently in their first year in the sixth form (Yr 12) and they all explained their courses and reasons for attending John warner and our students were able to ask them questions too.

Mr Cove commented how well behaved our students where and relevant questions they asked.

We then returned to Hailey Hall and continued with their timetable

The boys were a credit to themselves and Hailey Hall and special thanks to Allison Edwards and Sean Sullivan who assisted with the visit
