

Online safety training for parents / carers

Ensuing the safety of our children online is a complex and ever-changing challenge for parents and carers today. The OSA's online safety training for parents has been updated for 2022-23 and introduces you to a selection of the issues you should be aware of, and helps you to consider some of the ways in which you can reduce these risks.

1. Getting started:

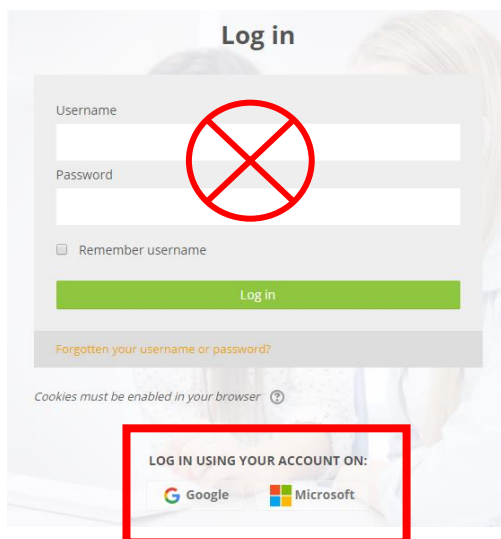

Please visit www.onlinesafetyalliance.org and select the green 'Certificate Log In' button on the home page:

2. Logging in

Please select the option to log in using a Microsoft or Google account. Make sure you use the Microsoft / Google buttons at the bottom; don't enter details into the username and password boxes.

If you don't have a Microsoft or Google account, please click Google and you will be given the option to make an account.

3. Accessing the CPD course

Once logged in, please select 'Available courses' from the top navigation bar and then select the 2022-23 courses from the drop-down box. Click the orange button to enter the course: Cyber security for school leaders:

Online Safety Training for Parents

2022-23

Training for parents to help them to support their child to manage online risks.

[Click to enter this course](#)

You will then need to enter an enrolment key. The enrolment key for Hailey Hall School is:

hailey23

4. Undertaking units

The course is divided into three units; two learning presentations and an on-screen assessment. You will need to read through each of the presentations carefully before attempting the assessment.
