

22nd September 2023

Dear Parent/Carer,

During one of our coffee morning with the Headteacher and Chair of Trustees, we received valuable feedback on our Yr. 9 options process that we would like to respond to.

Many parents felt that our identified date for options happened too late into the academic year. That the original date allowed you little time to consider the available options and time to work with your son and subject teachers in supporting your son's emerging interests in his curriculum pathways.

Responding to your feedback we are in a position to move forward this date from the end of the Spring term to now take place **Tuesday 3rd October 2023**.

This will enable you to have a full overview of the potential pathways of our KS4 core and options subjects prior to the Learning Consultation Evening on **Tuesday 10th October 2023**.

During the options evening, you and your son can find out the various subjects and pathways that are available and consider which are appropriate for him, as he moves into Key Stage 4.

We would like to invite you to an onsite options evening here at Hailey Hall on:

Tuesday 3rd October 2023 from 5:30 pm. to 6:30 pm – Please note the presentation will start at 5:30 pm

I am including with this letter all options subject's **curriculum booklets** for years 10 and 11 along with the core subjects. These documents lay out the course structure and content for all subjects and should prove helpful information in preparation for the options evening.

If you would like to see the course structure and content for the core subjects, all subjects curriculum booklets can be viewed on our Hailey Hall School website.

To access them please navigate to our home page:

www.haileyhall.herts.sch.uk

Additionally you can follow these steps using your smartphone

Please scan the QR code for quick access to what your child is learning

Scanning the QR code will take you to the home page of our website

What my child is learning

Please click on the three bars and select from the drop down - What my child is learning and then select your subject of choice
