

# HAILEY HALL SCHOOL

Believe | Strive | Achieve

1<sup>st</sup> September 2023

Dear Parents and Carers,

You may have seen recent media coverage regarding Reinforced Autoclaved Aerated Concrete (RAAC) and its use in educational settings. RAAC is a lightweight form of concrete; because it is weaker than regular concrete, concerns have been raised about its long-term durability. Department for Education (DfE) has recently changed its guidance to education settings on the management of RAAC to take a more precautionary approach and as a result areas in affected spaces will be vacated.

We do not have any confirmed RAAC in our buildings and have not been asked to close any areas. However, we want to take care and to be sure, and are currently working with the DfE to actively check whether RAAC has been used in the construction of any part of our buildings. If RAAC is identified, we will let you know straight away.

I hope that this offers reassurance.

Yours sincerely,

Mr Paul Delamaine  
Headteacher
