

# Hailey Hall School Art

## **Curriculum Map**

#### Art Curriculum Intent

The Hailey Hall Curriculum has a strong focus on achievement and within Art as a subject all schemes of work are mapped against National Curriculum and AQA Exam board criteria, which offers a combination of artistic, academic, and wider school activities inclusive of cross curricular opportunities with subjects such as English, Science and Maths. Pupils are challenged to strive for personal excellence. The Art program of study, across year groups, is designed to contribute to the development of social, emotional and mental health stability for all pupils.

Art and design embodies some of the highest forms of human creativity. A high-quality art and design education should engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own work. As pupils progress, they should be able to think critically and develop a more rigorous understanding of art and design. They should know how art and design both reflect and shape our history, and contribute to the culture, creativity and wealth of our nation.

Learning about Art helps pupils from all backgrounds to make sense of the world around them. It engenders mutual respect and tolerance through exposure to different artists, cultures and ideas. This knowledge supports pupils in developing their visual literacy and confidence and enables the production of personal and informed research, leading to well developed and refined practical outcomes. When techniques and themes are taught, they are linked to the work of notable artists and relevant cultures, allowing pupils to be influenced by and become appreciative of their work and practice.

Visits to galleries, museums and other places of interest are encouraged to be undertaken independently outside of school to broaden pupil's experiences, allowing them to engage first-hand with artwork while extending understanding and individual appreciation.

Art lessons promote the development of social soft skills, independent thinking, helping pupils as they move through the art program to become self-directed and motivate learners to develop, refine and express their ideas creatively and with confidence.

The curriculum aims to develop individuals holistically and so, to give them the necessary skills, qualifications and experiences to access further education, employment or training. Within the Art curriculum program pupils will undertake an Art careers project to enable them to make links with possible future steps by investigating artist's and designer's backgrounds from a range of disciplines. This goal is underpinned by the need to develop resilience, tolerance and all-round personal well-being. There is an emphasis on the process of learning, developing a growth mindset and practical hands-on experience.

#### Year 7 Art

#### Why this subject is important:

- You will explore the formal elements of art through visual, tactile and other sensory experiences to communicate your ideas and meanings, developing confidence, competence, imagination and creativity.
- You will learn to appreciate and value images and artefacts across times and cultures and to understand the contexts in which they were made.
- You will learn to think and act as artists, crafts people and designers, working creatively and intelligently.
- You will develop an appreciation of art, craft and design and its role in the creative and cultural industries that enrich our lives.

|           |                       |   | colours next to each        |
|           |                       |   | other, mix colours in a     |
|           |                       |   | variety of materials to     |
|           |                       |   | create geometric            |
|           |                       | To explore the artwork of Paul Klee             | patterns and                |
|           |                       | and the symbolism of the subjects               | calligraphy paintings.      |
|           |                       | that he includes in his work.                   |                             |
| Autumn    | Fish project          |   | Year 7 Aboriginal           |
| Term 2    |                       | To explore shape and form of a fish             | project – exploring         |
|           |                       | as a subject.                                   | artwork of a culture        |
|           |                       |   | who use symbolism           |
|           |                       | To explore 3D manufacture                       | within their work.          |
|           |                       | techniques.                                     |                             |
|           |                       |   | Year 9 Mask – to            |
|           |                       |   | continue to explore         |
|           | Career's Mini Project | To explore a range of different career pathways | shape and form by           |
|           |                       | that can stem from studying Art and Design.     | practicing three-           |

|                  | Fibonacci Mini Project<br>cross curriculum project<br>with Maths: | Research information about Fibonacci and identify<br>images that you could explore in reaction to studying<br>the Fibonacci principle in maths and in art.<br>Make a reaction piece of work using an identified<br>material and adopting the proportions of the<br>Fibonacci spiral.     | dimensional<br>construction<br>techniques.   |
|------------------|---|--|--|
| Spring<br>Term 1 | Aboriginal project  | To explore artwork from another culture and<br>how symbolism is used to convey a story.<br>Explore a range of mark making using different<br>pieces of equipment in reaction to learning about<br>how Aboriginal artists, their approach to their<br>work and the methods that they use. | Year 8 Islamic project –<br>to explore the<br>symbolism of different<br>colours, letter forms<br>and patterns.<br>Year 8 Landscape<br>project – to further<br>explore mark making in<br>paint using a range of<br>different size brushes |
| Spring<br>Term 2 | Church project  | To explore artwork from the Romantic art<br>movement.<br>Explore a range of paint application techniques<br>to create a large scale silhouette in reaction to<br>investigating that artwork made by Casper David<br>Friedrich.   | different size brushes<br>to represent a range of<br>different subjects<br>within a composition.<br>Year 8 Underwater<br>painting composition<br>to practice large<br>surface area painting<br>skills.                                   |

| Summer | Egyptian project. | To explore artwork from ancient cultures by                          | Year 9 mask project –  |
|--------|-------------------|--|------------------------|
| Term 1 |                   | creating a paper mache pulp to form a 3D tablet                      | paper mache pulp       |
|        |                   | to work onto and the presentation of symbols to                      | techniques further     |
|        |                   | convey a message.  | refined for the        |
|        |                   |  | purpose of             |
|        |                   |  | fabricating a product  |
|        |                   |  | that can be worn. So,  |
|        | Caionas Fistian   | To evaluate the serve of Colonne Fistion and the                     | the formal elements of |
| Summer | Science Fiction   |  | shape, form and        |
| Term 2 | Graphics project  | concept of Mese en Scene during the production of a graphics poster. | introduced.            |
|        |                   | of a graphics poster.  | introduced.            |
|        |                   |  |                        |
|        |                   |  | Year 11 graphics       |
|        |                   |  | poster – artwork and   |
|        |                   |  | typography is          |
|        |                   |  | developed and          |
|        |                   |  | combined by exploring  |
|        |                   |  | placement and layout.  |
|        |                   |  |                        |
|        |                   |  |                        |

Your work will be marked regularly against the relevant Life Without Levels Grid and targets will be set for progression.

#### How parents / carers can help:

- 1. Talk to your child about what they are learning in lessons, perhaps getting them to explain to you what topics they have been exploring.
- 2. Check your child's home learning tasks that have been set against the homework time table and where possible, look through your child's work to check that it is correct and complete.
- 3. Encourage your child to take an interest in the arts, visit any local galleries and museums and be aware of art in the news and any art programmes on TV.

#### Useful website and details of course books:

Tate.org.uk NationalGallery.org

#### **Promoting British Values:**

Pupils develop their self-knowledge, self-esteem and self-confidence. Pupils acquire a broad general knowledge of and respect for public institutions and services in Britain.

Pupils develop respect for themselves and learn to respect other people.

Pupils develop the skills to evaluate the values and arguments of people wanting their support or their vote.

#### Progression routes and career opportunities:

GCSE Art and Design AQA course.

#### Who to contact and how if you have a query regarding your child's Art:

| Name              | Position    | Email Address                   | Telephone    |
|-------------------|-------------|---------------------------------|--------------|

Your work will be marked regularly against the relevant Life Without Levels Grid and targets will be set for progression.

#### How parents/carers can help

- 1. Talk to your child about what they are learning in lessons, perhaps getting them to explain to you what topics they have been exploring.
- 2. Check your child's home learning tasks set against the homework time table and where possible, look through your child's work to check that it is correct and complete.
- 3. Encourage your child to take an interest in the arts, visit any local galleries, museums, and be aware of art in the news and any art programmes on TV.

#### Year 10 AQA GCSE Art, craft and Design

#### Why this subject is important:

- You will explore the formal elements of art that will provide you with experiences that you can draw on to enable you to communicate your ideas and meanings, developing confidence, competence, imagination and creativity.
- 2 You will learn to appreciate and value images and artefacts across times and cultures and to understand the contexts in which they were made.
- You will learn to think and act as artists, crafts people and designers, working creatively and intelligently.
- You will develop an appreciation of art, craft and design and its role in the creative and cultural industries that enrich our lives.

Your work will be regularly assessed against the assessment objectives for AQA GCSE Art and Design using the 1-9 scale and targets for progress will be identified. Unit 1 will commence in September with an internal deadline at the end of December the following year.

#### How parents / carers can help:

- 1. Talk to your child about what they are learning in lessons, perhaps getting them to explain to you what they have been learning.
- 2. Check home learning tasks that have been set against the homework time table and where possible, read through your child's work to check that it is correct and complete.
- 3. Encourage your child to take an interest in the arts, visit any local galleries and museums and be aware of art in the news and any art programmes on TV.

#### Useful websites and details of course books:

www.tate.org.uk www.npg.org.uk Liverpoolmuseums.org.uk - Walker art gallery www.southbankcentre.co.uk - Hayward Gallery

#### **Promoting British Values:**

Pupils develop their self-knowledge, self-esteem and self-confidence. Pupils acquire a broad general knowledge of and respect for public institutions and services in Britain. Pupils develop respect for themselves and learn to respect other people. Pupils develop the skills to evaluate the values and arguments of people wanting their support or their vote

#### Progression routes and career opportunities:

A level Art and Design, Photography, Graphic Design and equivalent courses.

#### Who to contact and how if you have a query regarding your child's Art:

| Name              | Position    | Email Address                   | Telephone    |

#### Year 11 AQA GCSE Art, craft and Design

#### Why this subject is important:

- It helps you to demonstrate your art design capability.
- It helps you to design and make original, creative pieces of artwork.
- It allows you to work with a range of materials.
- It helps you to explore and investigate the work of other artists and art from different cultures and times.
- It helps you to carry out individual, original research.
- It helps you to acquire a range of practical skills.

|                  |                   |                         |                                |                             |

Your work will be regularly assessed against the assessment objectives for AQA GCSE Art and Design using the 1-9 scale and targets for progress will be identified. Unit 1 will continue to be worked on from September with an internal deadline for the end of December. Unit 2 will commence in January and terminate in the form of a 10-hour practical exam at the end of the preparatory period.

#### How parents / carers can help:

- 1. Talk to your child about what they are learning in lessons, perhaps getting them to teach you what they have been learning.
- 2. Check home learning tasks that have been set against the homework time table and where possible, read through your child's work to check that it is accurate and complete.
- 3. Encourage your child to use the internet if he or she has access to this to do research.
- 4. Ensure your child meets all the coursework deadlines.
- 5. Encourage your child to attend after school catch-up classes.
