

HAILEY HALL SCHOOL

Believe | Strive | Achieve

22nd June 2026

Dear Parents and Carers,

Hot Weather Arrangements This Week

You will be aware from recent weather forecasts that temperatures are expected to rise significantly during the week ahead. We have therefore reviewed our arrangements to ensure that pupils remain as comfortable, safe and hydrated as possible while in school.

We are fortunate to have a number of air-conditioned classrooms on site and, wherever possible, classes will be relocated to these rooms during the hottest parts of the day. We are also increasing the number of fans available in classrooms and other learning spaces that are not air-conditioned. We would strongly encourage all pupils to adopt our summer uniform arrangements if they have not already done so. This was outlined in the recent uniform letter sent to parents and will help pupils remain comfortable during the warmer weather.

To support hydration, all pupils should bring a water bottle to school each day. We have water fountains available across the site and pupils will be encouraged to refill their bottles regularly throughout the day.

We have also asked our catering team to make some adjustments to the lunch menu where possible, including the provision of frozen desserts and other lighter options to help pupils keep cool.

Parents are encouraged to apply sun cream to their child before they leave for school each morning, particularly if they are likely to spend time outdoors during breaks or lessons.

For those pupils who travel by school transport, all taxis used by the school are air-conditioned, helping to ensure that journeys to and from school remain comfortable.

We will continue to monitor the weather closely throughout the week and make any further adjustments necessary to support pupils and staff.

Thank you for your continued support.

Yours sincerely,

Mr Delamaine
Head Teacher
